This academic program aims to prepare individuals as members of professional teams in schools, archives, libraries, various institutions, diplomacy, museums, cultural centers, military academies, and numerous research institutions. The program develops critical thinking as the basis for scientifically interpreting human society, shaping work ethics as the greatest human values. It forms aesthetic, patriotic, and moral values, and fosters a sense of belonging to one's country. The multitude of historical events containing the rich experience of the past provides a solid foundation and necessary condition for creating the future.
